### CALL FOR DONATIONS

Dear Sir/Madam,

The Society of Thermal Engineers of Serbia is organizing biannually since 2004, an International Conference POWER PLANTS “**Energy resources, energy efficiency, ecological and exploitation aspects of power plants operation**”. **POWER PLANT 2016** will take place at Zlatibor, hotel Palisad (Serbia), November 23 – 25, 2016.

POWER PLANTS 2016 International Conference will be organized under the auspices of:

- Ministry of Mining and Energy, Republic of Serbia,
- Ministry of Education, Science and Technological Development, Republic of Serbia,
- Ministry of Agriculture and Environmental Protection, Republic of Serbia,
- Electric Power Industry of Serbia - EPS.

The main topics of the International Conference are:

1. Energy resources and sustainable development.
2. Liberalization of the electricity market. Impact on energy efficiency and effective operation of power plants.
3. Questions concerning power plants life cycle extension and introduction of new clean coal and low carbon power generation technologies and equipments.
4. Thermal/hydro/wind and other power plants exploitation problems.
5. Environmental aspects of power generation by thermal/hydro/ wind and other power plants.

Hundred and twenty papers (more than 250 participants) from fourteen countries, three continents (Europe, North America and Africa) were presented at each POWER PLANTS International Conference.

Traditionally, main donators of the International Conference POWER PLANTS are Ministry of Mining and Energy, Republic of Serbia; Ministry of Education, Science and Technology Development, Republic of Serbia and Electric Power Industry of Serbia - EPS.

Supporting International Conference POWER PLANTS in the context of legal establishment of ENERGY COMMUNITY and as the ECSEE TREATY implementation activity, European Commission DG TREN representatives contributed in the opening session of the International Conference POWER PLANTS as Key Note Speakers and Moderators. We expect the same at the International Conference POWER PLANTS 2016.

The International Conference POWER PLANTS 2016 is foreseen to gather energy policy makers, company managers, researchers, technical experts, environmental engineers and the other professionals, actively involved in the strategic, economic, social and environmental aspects of the research, development and operation of Power Industry, mostly from the member countries signatories of the TREATY establishing ENERGY COMMUNITY of the SOUTH EASTERN EUROPE (ECSEE) and from other countries, concerned International Conference with topics and implementation of the ECSEE TREATY.

## Society of Thermal Engineers of Serbia

11001 BELGRADE, P.O.Box 522, SERBIA

Head of the Society phone: +381 11 3370 299, e-mail: [pstefan@vinca.rs](mailto:pstefan@vinca.rs)  
Secretary of the Organizing Committee phone: +381 11 645 56 63, fax: +381 11 645 36 70,  
website <http://e2016.drustvo-termicara.com> e-mail: [e2016@drustvo-termicara.com](mailto:e2016@drustvo-termicara.com)  
Bank Account: 205-39132-62, Komercijalna banka A.D. Beograd

With this call, we would like to inform You and Your Company about the International Conference Power Plants 2016 and to emphasize that Your participation at the International Conference and possible donation from Your Company would be a great support to successful organization of the International Conference.

### DONATORS

A donator can become a company or an institution from the industry, which would help in realization of the program, anticipated for the International Conference. By accepting the donator ship, a donator obligates to help the organizer of the International Conference to establish adequate conditions for the exchange of scientific and expertise information and experiences of the professionals from Power industry from the region, their equipment suppliers and regional faculties and institutes.

Society of Thermal Engineers of Serbia, as a non profit organization, will use donations only for the adequate organization of the International Conference, edition of the Proceedings, and publication of the selected papers in the Journals: THERMAL SCIENCE and TERMOTEHNIKA.

### THREE TYPES OF DONATORS ARE REQUIRED:

1. THE MAIN DONATOR – 5 000 Euro (in CSD (Dinars) counter value)
2. MAJOR DONATOR – 3 000 Euro (in CSD (Dinars) counter value)
3. DONATOR – 1 000 Euro (in CSD (Dinars) counter value)

If You are interested in supporting organization of this International Conference, for further information, please contact:

Dr. Dragoslava Stojiljković, the Vice president of the Organizing Committee, phone: **+381 11 337 02 99** or Secretary of the Organizing Committee, phone: **+381 11 245 56 63** or by an e-mail: [e2016@drustvo-termicara.com](mailto:e2016@drustvo-termicara.com)

If your company decide to donate this International Conference, it's possible to take out all payment in monthly rates during 2016 year, but till the end of October 2016.

For further and more detailed information about POWER PLANTS 2016 International Conference, please visit our web site <http://e2016.drustvo-termicara.com>

Hoping that we will have a good cooperation in realization of the International Conference POWER PLANTS 2016,

Dr. Predrag Stefanović  
President of the Organizing Committee  
of the International Conference  
POWER PLANTS 2016

Prof. Milan Radovanović  
Chairman of the Society of Thermal  
Engineers of Serbia
